

PORT AUGUSTA TABLE TENNIS ASSOCIATION CLUB HISTORY

In 2005 the club applied for and was successful in obtaining a grant to develop, manage a co-ordinate a new Table Tennis Competition in Port Augusta.

This sport had not been played in a structured form for 20 years in Port Augusta and after applying and receiving a grant through the Department of Sports and Recreation the club arranged "Come and Try" nights with over 75 juniors and 90 senior players registering in the first 3 weeks.

Volunteers who are members of the club have arranged the coaching and management of the new competition.

The new competition has enabled Senior citizens, Indigenous people, juniors and adults alike to be involved in a sport that encourages social interaction and physical activity to many who would not normally participate.

The club aimed to encourage Indigenous and local young people who encountered boredom, to have the opportunity to be involved with active participation, healthy lifestyles, cross culturalism and social interaction through the competition.

The significant achievements or initiatives in the last 12 months.

A structured competition is now being held at the South Augusta Football Club every Monday night and players of all standards have been welcome with the team competition that started on the 20th March, juniors and adults included.

Currently over 70 players compete and teams have been organised with 8 teams with 6 players per team and over the 12 months the competition has enabled players of all ages to participate.

At this stage there has been 11 players aged 60-70 years, 17 players 50-60 years and 7 players aged 40-50 years of age participating in either the come and try and competition nights.

There has been no cost to participants in first season to encourage everyone to participate and bats and balls have been supplied.

The Club has also arranged for 4 weeks of coaching sessions for Indigenous schoolchildren from the Carlton Primary school at no cost to encourage participation by youth within the area.

The club also has held 4 sessions for the Active after schools program that will encourage Indigenous youth to participate in the project.

The competition has provided participants with the motivation to improve their ability with the opportunity to participate in inter town competitions and visits to other regions.

Originally the Port Augusta Table Tennis Competition' "Come and Try" nights had been a great success with over 75 juniors and 90 senior players registering in the first 3 weeks. A visit from representatives of the Whyalla Table Tennis Association who provided coaching assistance was a highlight of the second week.

How the project has contributed to the region.

The club recognised that there had been a decline in physical activity levels in Port Augusta and it aimed to provide another very affordable alternative to our community by offering an activity that is physically less demanding than some others. The club felt that it would be a sport that would be attractive to both males and females within the town.

Currently there is a very low participation rate of Indigenous and mature aged people in any types of sporting activities within the town. Port Augusta has an Indigenous population of approximately 20 per cent. Indigenous are mainly involved in sports such as Football, Netball and Basketball in Port Augusta and this competition provided another alternative to these mainstream sports.

The competition has developed coaches who can now go out to regional areas and promote the sport within remote communities such as Lyndhurst, Andamooka and Yunta who have recently purchased tables for their community halls. Andamooka recently purchased a table and held a Table Tennis clinic for interested youth, the article attached for your information.

A relationship has been formed with the State Governing body, Table Tennis SA for advice and guidance in the operation of the competition and the Whyalla Table Tennis Association based at Whyalla 80 kms from the town has provided mentor support to the project.

The Indigenous Sport Development Officer employed by the Office for Recreation and Sport has also supported and promoted the program throughout the Indigenous Community.

The Port Augusta City Council through the Active Community Field Officer are also willing to promote the program to interested participants in the area. We aim to be an enthusiastic member of the Port Augusta Recreation and Sport Network.

Background information on the activities eg aims and objectives of the event/ project, outcomes and achievements of the event/ project, impact on the community.

This project aimed to create a Table Tennis competition in Port Augusta that will increase participation of people in the sport particularly Indigenous and the mature aged.

The project also aimed to will provide a Table Tennis competition that will encourage people of all abilities and physical active levels to play in either social or competitive games played in a safe and non-threatening environment.

When the project started the club , because a structured competition had not taken place in the town for over 30 years it was expected that over 60 people would participate in either the senior and junior competition. This was exceeded with over 100 participants being involved with the structured competition.

The club wanted to keep the cost to participants low and the grant funded the equipment, promotion and administration of the project.

The club wanted to motivate inactive people and it felt that the social aspect of the project will encourage increased participation, many households currently have table tennis tables in the town however the competition and coaching will enable these people to gain the skills to improve their ability in this sport.

The project was designed for participants starting at different physical levels and the sport did not require high levels of fitness to participate and a family environment where all family members can participate.

PROJECT PERFORMANCE

In the original application for the grant the project performance was going to be measured by several milestones including:

1.The commencement of at least 60 players in the program.

The club has achieved over 100 players per week over the first 15 weeks.

2. A range of players including youth, Indigenous and mature aged over 45 years.

Players of all age groups including Indigenous players have been involved; coaching has been arranged for **25 Indigenous youth** from a nearby Primary School.

3. A structured competition will commence within the first 2 months.

The first 13 week structured competition has finished with the next competition to start on the 11th September with 8 teams in each grade.

4. An inter town match to take place within the first 12 months.

An Intertown game was played against Whyalla in October 2006 and there are plans to keep this as a regular event.

5. Coaching sessions with local coaches and a State coach will take place in the first year.

State Coaching took place in December 2006 and local coaches have been involved with juniors during the competition and on Monday nights.

6. Coaching accreditation training delivered to at least 2 participants.

Coaching accreditation took place for 2 individuals in January 2007 when they undertook Table Tennis level 1 Coaching training in Adelaide.

The Committee is confident that the current structure has the ability to provide a sustainable competition into the second year with the ability to fund ongoing competition and stability in the number of players.

Summary

It is expected that through this project more people will join the Club with the opportunity for ongoing practice on the tables at the club.

The competition will provide an opportunity to bring new people to the club to network and socialise with Indigenous and non Indigenous participants alike.

The program will aim to introduce a sport to people who do not currently participate in other activities and the health and well being benefits from this will be ongoing.

There has been enough interest to be positive about the future of the program after the grant funding ceased in December 2006. With over 40 keen adults and over 30 enthusiastic juniors and ongoing support through coaching and co-ordination the club is confident that the competition can sustain itself in 2007.

SUMMER

2007

BAXTERS THE DIFFERENCE IN TABLE TENNIS GRAND FINAL

In a tight finish Port Augusta Refrigeration Eagles overcame Sportscene Hawks in a classic grand final of the Seniors in the Flinders Power Premiership 2007 to win their second championship in a row.

The match was still in the balance with the experienced Ian Harris taking on Veteran Reg Yates in the last game with Ian winning in 4 sets.

One Baxter may have closed but another one is just beginning with Toby Baxter winning 5 games for the night and winning the trophy for the most improved in 2007. Toby, under the guidance of mentor Glynn Keane has come ahead in leaps and bounds this year and is a player of the future.

Finals scores were Port Augusta Refrigeration Eagles 10 rubbers 35 sets defeated McDonald power 8 Rubbers 30 sets.

Best players for Eagles were Toby Baxter with 5 wins, with the other players contributing 1-2 each. For the losers Stewart Vincent and Kristen Long continued their good form with 4 wins each.

Player availability hit Hawks hard however they are keen to improve on this and Stewart already has summer training plan with a heavy schedule ahead for his team. Other team members Will Waters, Reg Yates and Penny Hooper battled hard on the night but found it hard against their more experienced opposition.

Eagles were undefeated during the year and thoroughly deserved their win with a well organised team, player numbers were never an issue and this proved the difference

between them and other teams in the competition and other captains need to take note of this if they wish success. Eagles coach Glynn Keane was impressed with his teams doubles performance which proved the difference on the night. Matches are won in the Doubles and Eagles had the edge over them tonight in both tactics and general play.

The best match of the night was a 5 setter between doubles combination Kristen Long and Stewart Vincent versus Grant Keane and Rhys Bavington with Kristen and Stewart winning 13/11 in the last.

The winning team comprised captain Grant Keane, Rhys Bavington, Ian Harris, Toby Baxter and Trish Taylor who once again is in the limelight.

Organisers of the competition Peter Trewartha and Mark Shirley thanked the sponsors Flinders Power, Sportscene, Magic FM, McDonalds, Port Augusta Refrigeration and the South Augusta Football Club.

Season Trophy winners for the Seniors were Stewart Vincent for the most Consistent with 100% winning rate in the minor round, his only blemish being in the major round with a fitter Bruno Carcuro who will cause damage in 2008 if he continues his workrate. Runner up for the most consistent was Wes Yates who I'm sure will prove stiff opposition to Stewart next year, though a new baby may affect his priorities.

Most improved in 2007 was Toby Baxter who put away his disappointment of a recent loss in golf to take all before him on the night.

In the Round Robin events on the night Max Duhring proved that retirement has paid dividends with a good win in Division 1, Runner up being Bruno Carcuro.

In Division 2, Matt Prentis won on a countback from Steven Noll in a close encounter. The week's incentive award went to Sue Simms who with a recent victory over stalwart John Phillips has gained confidence for the season ahead.

In the Juniors Grand Final McDonalds Power 8 Rubbers 27 sets defeated Magic FM Crows 6 rubbers 17 sets in another close encounter.

Best players Power : Adam Bentley Damon Shirley and Todd Phillips had 2 wins for the night and Best for Crows included Kristen Long with 3 wins and Clayton Brauwers with 2 wins.

Power may not have beaten Crows in the AFL this year but they certainly had revenge in the Table Tennis with the bottom half of the team making the difference on the night.

Adam Bentley topped off a great season by winning the most improved player in 2007 with a 82% win rate for the year and Damon Shirley and Todd Phillips performed well towards the end of the year.

The winning team comprised captain Jason Parsons, Adam Bentley, Tim Kipling, Damon Shirley and Todd Phillips.

Best games o the night were Damon Shirley defeating Tyler Bavington in 5 sets after Tyler won the first 2 sets and Clayton Brauwers defeating Adam Bentley to keep Crows in the game but to no avail.

Trophy winners for the Season were Most Consistent Kristen Long with an 89% win rate for the year and runner Rhys Bavington with an 84% win rate. Both players are in the Senior Competition and play in the top 2 ranking in their teams and have great futures in the game.

Adam Bentley won the most improved Junior for the season and in the Round Robin Competition Rhys Bavington won Division 1 and David Parsons Division 2.

Many thanks to Glynn Keane, Stewart Vincent, Reg Yates and Julie Shirley who assisted in the Active after school program this year with the Willsden Primary school and hopefully the competition will have a few new starters through this program.

All players Junior and Seniors are invited to join Stewart Vincent after the school holidays for a competition between 5.30pm and 7.30 pm every Monday night.

Keep a look out for an intertown match against Whyalla before the end of the year and coaching at the Port Augusta Youth Centre after the school holidays.

Overall the organisers were happy with the second season of the Table Tennis competition with a consistent 50 players turning up each week in both grades. The clash with basketball was an issue towards the end of the season and this will be looked at in the future with the main structured competition starting again in March 2008.

Many thanks to all players who committed to the program in 2007 and Captains who put in the effort to chase players, which is so important if the competition is to be sustained.

2008

Port Augusta Refrigeration Eagles won their third consecutive premiership in Table Tennis after a hard fought win over Magic Fm Power winning by 1 rubber in the big game.

In an exciting finish Eagles had too much fire power in the top 3 players and reversed a loss to Power in the 2nd semi final, winning 11 rubbers 39 sets to 10 rubbers 37 sets in a tight finish.

Best players for Eagles were Captain Kristen Long and Grant Keane with 3 singles wins followed by Rhys Bavington with 2 wins and the ever consistent Toby Baxter with 2 wins.

Best players for Power were hard to find with Matt Prentis standing out with 3 wins and Todd Phillips who joined the team at the last minute with 2 wins.

Great matches included Matt devastating “Most Consistent “ winner Toby Baxter in 5 sets , Todd Phillips defeating the hardworking finals campaigner Trish Taylor, Wes Yates losing to Grant Keane and Rhys Bavington sealing the Premiership with a five set win over Mark Shirley.

Power captain's comments: Very disappointing, we thought we had a good chance tonight, they had a young team, except for Grant Keane of course, but we thought we could intimidate and this backfired as Kristen, Rhys and Toby played well. Having the umpires there didn't help as well as we normally get away with a bit but Glynn Keane was right on our case.

Yates, Long and Shirley let us down in the big one with only 1 win between them, Trish Taylor defeated Stephen Noll in an upset win but we'll be back next year, they were top all year and deserved the win.

In the play off for third and fourth spot Crows outplayed a disappointing Hawks winning 9 rubbers 30 sets to 6 rubbers 24 sets.

Best players for Crows were Craig Shirley with 3 wins including an upset win against "Mister Consistent" Stewart Vincent and Max Duhring, Matt Gower and Peter Trewartha.

For the Hawks Stewart Vincent and Pam Thomas both won 2 sets to hold the team together. The best matches included the rejuvenated Max Duhring defeating Karl Chamberlain 14/12 in the fifth set, Matt Gower defeating Bruce Molinueux in 5 sets and Stewart defeating Max in the battle of the top guns. Whispers surrounded the hall when it was discovered that youngsters Craig Shirley had defeated the gun Vincent as the "Most Consistent" trophy was still up for grabs however Wes Yates his nearest competitor for the trophy was also having a hard night with his 2 losses to the energetic Eagles combination.

Crows captain comments: We proved we were a top 3 team tonight and we won't be far off a go at the Premiership next year if we can get the team together, we were please with the year, Stewart deserved his trophy but will have some good opposition next year as Craig proved tonight.

In the last game Go Nabs proved that they thoroughly deserved their Wooden Spoon award with a convincing loss to South Augusta Bulldogs in a battle of the bottom end. Best players for Bulldogs were State Junior Coach Richard Frencham and Brenton Osborne who will sadly be moving on next year.

Best players for Go Nabs were Bruno Carcuro and Robert Harris who proved that they held the team together all year with their excellent spin and cut games.

Go Nabs captain Comments: A sad way to end but it was our first year and with a good summer training we will improve next year, we'll look at the list closely and some hard decision need to be made for next year, Millbank and Edwards could come under scrutiny.

The Premiership shield was awarded to Eagles players Kristen Long (captain) Grant Keane, Rhys Bavington, Trish Taylor, first year player Angela Stubing and Toby Baxter.

Individual trophies were awarded to Division 1 Most consistent Stewart Vincent who won the award from Wes Yates and Division 2 winner was Toby Baxter who will be pushing for promotion in 2009.

The wooden spoon award was won by Go Nabs together with an award for the most organised team, proving that at least they got something right.

In the closest grand final ever played at the Port Augusta Table Tennis competition Port Augusta Refrigeration Eagles also took off the Premiership by only 9 solitary points over Magic FM Power 5 rubbers, 16 sets , 283 points to 5 rubbers, 16 sets, 274 points.

Best players for Eagles were David Parsons who led the team to victory with 2 singles wins and Rhys Bavington and Todd Phillips with 1 win, Michael Gough in his first year was involved with a doubles win with David Parsons which won the game for the Eagles and he showed great maturity.

Great games included Lewis Irvine defeating Michael Gough in 4 sets and Todd Phillips defeating Clayton Brauwers in 4 sets.

In another great game Kristen Long and Clayton Brauwers defeated Rhys Bavington and Todd Phillips in 4 sets and kept Power in the game. For the Eagles Captain Rhys Bavington top off a great season , Todd Phillips added to his Football premiership trophy , David Parsons proved that he may be up for promotion next year and Michael Gough has a good future ahead of him. Bad luck to the Power team in Kristen Long, Clayton Brauwers, Hayden Parsons and Lewis Irvine as they were very unlucky to lose and proves that every point counts.

In the play off for third and fourth Bulldogs 7 sets were too good for Crows 3 sets, best players for Bulldogs were James Grantham followed by Craig Shirley and Riley Dunneman, best player for Crows was Ben Walters.

Individual trophies were won by Most Consistent Kristen long with a 100% win rate, runner up Rhys Bavington with 82 %.

Most improved trophy was won by Hayden Parsons, closely followed by David Parsons and Reid Honan with consolation awards.

Organisers Peter Trewartha and Mark Shirley also thanked all parents and supervisors for helping with the juniors especially Stewart Vincent and Scott Parsons.

Although the structured season has concluded, there will be a Singles Round Robin competition on the Monday after the school holidays on the 13th October and a Doubles Completion on the 20th October.

The seniors will play Whyalla in an Intertown match on the 27th October and five weeks of coaching will take place on Monday 27th October with state Junior coach Frenchman.

Juniors Single wins percentage, Division 1 top players were Kristen Long 100%, Rhys Bavington 82.14%, Craig Shirley 65.38% and James Grantham 64.29%, Jason Parsons 50%. The best players in Division 2 were Hayden Parson 70.83 %, David Parsons 68.18% Reid Honan 58.33% win percentage.

In the Seniors Division 1 winning percentage Stewart Vincent won with 88.89 %, Wes Yates 86.67, Kristen Long 83.33, Grant Keane 80, Max Duhring 73.81 and Brenton Osborne 72.22.

In Division 2 Toby Baxter's win percentage was 94.44%, Stephen Noll 73.33, Mathew Prentis, 68.63, Bob Bemmerl 66.67 and Alby Kroes 63.89.

2009

The huge dust storm on Monday night did not deter Hungry Jacks Hawks from winning the Senior Table Tennis Association premiership. In the juniors the match was decided in the last game in an epic struggle with Crows winning 12 rubbers to 11 over the Port Augusta Refrigeration Eagles.

Hawks went into the game as favourites after South Augusta Bulldogs had come from 4th spot to playoff in the big game. The match started well for Hawks when Stewart Vincent had a great win over club champion Kristen Long in 5 sets but with Rowan Sims defeating Bruce Molinuex and Pranov Nair defeating Vicky Bermmerl the first round had them down 4 rubbers to 2 rubbers. Hawks were never troubled after this round and went on to record a comfortable win, best players for Hawks being Stewart Vincent with 2 wins, Pam Thomas and Bob Bermmerl with 3 wins and Karl Chamberlain with 2 singles win. For the losers the much improved Rowan Sims had 2 singles wins including the scalp of the gun Stewart Vincent but the Hawks were too good on the night. An emotional Stewart Vincent accepted the premiership shield stating that he had worked his team hard over pre season to obtain this result and he was delighted with his team's effort over the year. Stewart may be moving to New Zealand in the future and may be missed from the line up in 2010.

Trophies were presented by President Peter Trewartha and Secretary Mark Shirley and it was agreed that standard and numbers were good although the season had been affected by injury and work commitments'.

The most Seniors Most Consistent trophy went to Kristen long with a win percentage of 91% followed closely by Stewart Vincent runner-up on 90%. In division 2 Sam Lawrence had a great debut season with 77% and runner-up was premiership player

Bob Bermmerl with 72%. Most improved award went to Rowan Sims who proved he could match it with the big boys by steadily improving during the year and defeating Stewart in the grand final.

In one of the best Junior grand finals seen at the Table tennis for many years, Crows 12 rubbers defeated Eagles 11 rubbers. Crows went into the game as favourites after being top all year but the Eagles had defeated them in the preliminary final and it was always going to be a great match.

In the end it came down to an epic last match between Captain Todd Phillips and the much improved Tom Collins with Todd winning in 5 sets after being 2 sets down. Both players should hold their head high after a great match under pressure conditions.

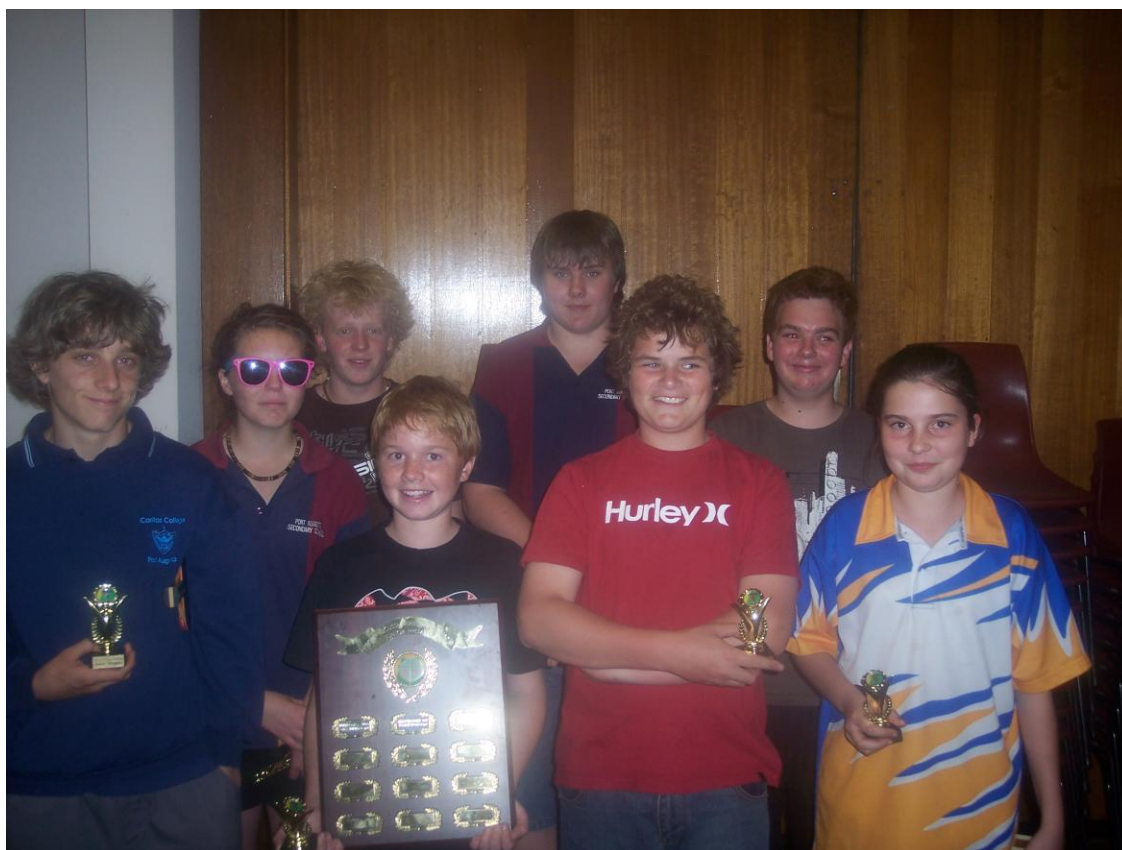

Best players for Crows during the night included Crows captain Todd Phillips with 3 wins, Ethan Jeromin with 3 wins, and for the Eagles Tim Manning and Dylan Testro both had 2 singles wins.

Trophy winners for the season included Craig Shirley winning most consistent with a win percentage of 92% and runner up being Rhys Bavington with 85%. In Division 2 Georgina Kite had a great debut season with 82% wins and Runner up was Dylan Testro with 66%. Pranov Nair proved that the extra work he put in with training and playing with the seniors had paid off with him winning the most improved trophy.

The organisers had special thankyou's to Glynne Keane and Heather Douglas who had helped out during the year in a coaching and match organiser capacity.

Don't forget the Senior intertown match on Friday 16th October with cars leaving the club by 5.30pm for Whyalla. If you are interested in a game please call Mark Shirley on 864326286.

Overall the organisers were very happy with the numbers in the junior this year with up to 50 players participating at some stage. The season will start again just before the April 2010 school holidays with the club purchasing 3 new tables to improve playing standards. Many thanks to sponsors Port Augusta Refrigeration, McDonalds, Hungry Jacks and the South Augusta Football Club.

2010

The games are hotting up with the Table Tennis finals in 2 weeks and Hawks proved they will be the team to beat with a convincing win over second placed Eagles in the Senior competition. John Marsh was given his first real scare for the season with a 5 set win over veteran Max Duhring winning 11/7 in the fifth. John continued his faultless form with 3 wins together with Karl Chamberlain with 3 wins and the player's award for this week. Stewart Vincent is also finding some form with 2 wins and for the losers David Christie and Alby Kroes were the only shining lights with 2 wins.

Bottom placed Crows had a great win over the more fancied Bulldog outfit Wes Yates the standout for Crows with 3 wins, Mark Shirley, Penny Hooper and Igwe and the excellent form of Trevor Paynter who has a great future ahead of him if he improves his dedication. Mark Shirley had his revenge on son Craig with a 3 set win in the singles.

For the Bulldogs Adrian Christie and Pranav Nair held the team together with 3 wins. Great to see 5 new players from the Home Immigration Centre who really enhanced the competition, especially Mustafa who held his own with the best with 2 wins. In an unusual game Wes Yates had a 5 set win against Craig Shirley scoring 11 points in every game, try and do that yourself.

In the juniors we had an injection of 4 players from the Home Detention centre and 3 new McDonalds so we had a great turnout leading into the finals. Bulldogs defeated top team Crows with Craig Shirley winning 2 singles and Reid Honan keeping up his good form and for Crows Matt Rowbottom kept up his good 80% win percentage with 2 wins.

In the other game Eagles defeated Hawks in a great tussle , best for Eagles Pranav Nair and Georgina Kite and for Hawks Sean Kuerschner held his own and Ben Walters and Andrew Willis continued to impress. The Junior award for this week event to Ben Walters. The competition resumes to Monday night this week after a change of date last week. Finals to start on Thursday 9th September 2010.

EAGLES TRIUMPH AGAIN IN TABLE TENNIS FINALS

The table Tennis Grand Finals in both Seniors and Juniors were the closest in modern times with both finals being decided in the last match of the night. In the Seniors Port Augusta Refrigeration Eagles won their 5 premierships in 6 years with an exciting win over the unlucky McDonalds Hawks 15 rubbers, 59 games to 15 rubbers 55 games. The last match was decided in a 5 setter with Trish Taylor and Daniel Kotz defeating Vicki Bemmerl and Georgia Kite 11/7 in the last. It was a consistent effort for the Eagles with no standouts on the night, Rhys Bavington, Dave Christie and Matt Gower who came in for Alby Kroes

winning 2 games. For the Hawks, who were missing Pam Thomas, the standouts were club champion John Marsh and Bob Bemmerl with 2 wins and Karl Chamberlain with 2 wins.

The Hawks were unlucky to lose this game and have lost 2 years in a row now to the Eagles. CROWS TAKE TITLE IN GREAT MATCH

In the closest Table Tennis Grand final since the competition re-commenced in Port Augusta in 2006 the title was decided on the last doubles match of the night. Magic FM Crows which had finished third at the end of the minor round defeated Hungry Jacks Hawks by 1 rubber with the doubles combination of Phil Morphett and David Christie defeated Andy Couzner and Bruce Molineux 3 sets to 1 to win the championship. Crows had last week defeated the hapless Eagles in the Preliminary Final. Eagles had lost their top combination before the finals and collapsed in both finals games.

For the Premiers Captain Wes Yates, Phil Morphett and Mark Shirley had 2 wins and Sonya Smart 1 win and for the losers John Marsh had a faultless night with 3 wins, Karl Chamberlain 2 wins, Bruce Molineux 2 wins and 1 win to Otto Basson and Andy Couzner. Otto had a great 5 set win against David Christie winning 11/7 in the 5th which nearly won the game for the Hawks however Dave made up for it in the doubles playing an attacking game to set up the win. Dave said that he had to attack in the deciding match it was a chance he took and it paid off, he praised his and opponents who had shown great improvements this year with the inclusion of John Marsh.

Crows had now won 2 premierships in the 11 years of the competition with Hawks only the solitary 1 premierships. The Senior Wooden spoon trophy went to Bulldogs which was collected by Captain Adrian Christie after an indifferent season by the team.

In the Junior Premiership Crows also dominated with a good 4 rubbers to 1 rubbers win over Eagles to avenge their Semi Final loss 2 weeks before. There some very close games that could have gone either way with Tyson Darley winning a 4 set game over Wade Fielding, Tyson winning 13/11 in the 4th and Jack Smart kept Eagles hopes alive with a 5 set win over Josh Holden 11/7 in the 5th set. The reverse singles all went to the maximum 3 sets and overall it was a very close contest. For the winners Tyson Darley lead the way with 2 wins and Josh Holden from Wilmington who just qualified for the finals finished with 1 win and for the losers Jack Smart had 1 singles win.
